

	Dataset Link	Tags	Size	Description	Relevant paper/Comments	Other Related Links
Wikipedia	https://www.kaggle.com/robertkay/wikipedia-text	Text	~ 815 GB	Wikipedia is a human-computation game in which users are asked to navigate from a given source to a given target article, by only clicking links.	230kxipedia.ai	
YouTube	https://www.kaggle.com/robertkay/youtube-transcripts	Text	~ 1.5 TB	Temporal data starting from early 2019 to present. The data is a human-computation game in which users are asked to navigate from a given source to a given target article, by only clicking links.	230kxipedia.ai	Very large dataset
Stock Market Dataset	https://www.kaggle.com/robertkay/stock-market-dataset	Numeric data	~ 1.2 TB	Temporal data starting from early 2019 to present. The data is a human-computation game in which users are asked to navigate from a given source to a given target article, by only clicking links.	230kxipedia.ai	
Reddit Hypertext Network	https://www.kaggle.com/robertkay/reddit-hypertext-network	Graphs / Categorized 191 MB	~ 191 MB	Hypertext network representing the directed connections between two subreddits, extracted from publicly available subreddit data of 2.5 years from Jan 2017 to Dec 2021. The dataset contains metadata on all the folders and then for each folder a file with temporal values on open, high, low, close and volume.	230kxipedia.ai	
New York City Caption Contest	https://www.kaggle.com/robertkay/new-york-city-caption-contest	Text	~ 1.2 TB	The hypertext network represents the directed connections between two subreddits, extracted from publicly available subreddit data of 2.5 years from Jan 2017 to Dec 2021. The dataset contains metadata on all the folders and then for each folder a file with temporal values on open, high, low, close and volume.	230kxipedia.ai	
Multi-task COVID-19 Atlas	https://www.kaggle.com/robertkay/multi-task-covid-19-atlas	Text	~ 1.2 TB	The hypertext network represents the directed connections between two subreddits, extracted from publicly available subreddit data of 2.5 years from Jan 2017 to Dec 2021. The dataset contains metadata on all the folders and then for each folder a file with temporal values on open, high, low, close and volume.	230kxipedia.ai	
Visual Genome Dataset	https://www.kaggle.com/robertkay/visual-genome-dataset	Text	~ 1.2 TB	The hypertext network represents the directed connections between two subreddits, extracted from publicly available subreddit data of 2.5 years from Jan 2017 to Dec 2021. The dataset contains metadata on all the folders and then for each folder a file with temporal values on open, high, low, close and volume.	230kxipedia.ai	
Cytoscape Dataset	https://www.kaggle.com/robertkay/cytoscape-dataset	Text	~ 1.2 TB	The hypertext network represents the directed connections between two subreddits, extracted from publicly available subreddit data of 2.5 years from Jan 2017 to Dec 2021. The dataset contains metadata on all the folders and then for each folder a file with temporal values on open, high, low, close and volume.	230kxipedia.ai
